Exploring Egypt's oldest and most sacred sites

A Television Mini-Series
based on the new book
by N.Y. Times best-selling
author Paul Perry

Produced and Shot in High-Definition
entirely on location in Egypt

Part travel-adventure, part spiritual journey, part historical detective story, the 3-hour mini-series SECRETS OF ANCIENT EGYPT recounts a modern-day pilgrimage into a rich, timeless, fascinating and often baffling land. In the teeming back streets of Cairo, in shrines thronged by worshippers and in desert wastes haunted by saints, the camera follows Perry as he turns up shards of the past, tales passed down through countless generations, and reveals a very different side of both ancient and modern Egypt.
